Immerse yourself in an enriching creative learning experience.

At Toonz Academy, we offer a unique advantage to our students through a comprehensive learning experience. Our state-of-the-art infrastructure provides a high-end environment where students can explore and experiment with the latest tools and technologies in animation and visual effects. Our mentors bring valuable production experience to the classroom, sharing their industry insights and guiding students towards excellence. Additionally, we regularly host guest lectures from industry experts, providing valuable exposure and real-world perspectives. Students also get the opportunity to work on live projects, gaining hands-on experience and sharpening their skills in a professional setting. Furthermore, we emphasize the development of personal portfolios, helping students showcase their talents and creativity to potential employers. With these advantages, students at Toonz Academy are well-prepared to embark on successful careers in the dynamic field of animation and visual effects.

Toonz Academy placements

Toonz Academy takes great pride in the remarkable success of its alumni, who have made their mark across the globe. Our graduates have found prestigious placements in major studios and taken on roles as senior animators, match moving artists, animation supervisors, technical directors, pipeline developers, compositors, concept artists, game art designers, and UI/UX designers. With a strong focus on industry-relevant training, our students have secured placements not only in India but also internationally. They have been recruited by renowned studios in the United States, Canada, Ireland, Poland, Singapore, Malaysia, the UAE, and many more countries. The wide reach of our alumni placements is a testament to the quality of education and the practical skills they acquire at Toonz Academy, enabling them to excel in the competitive world of animation and visual effects.
